Lambs Tongue		•	•	
Mullumbimby Couch		•		
Plantains	•			•
Sowthistle	•	•		•

## Searles Spredmax®

For best results, add a small amount of Spredmax into the spray solution before spraying weeds.

Spredmax helps the spray stick to the weeds, enhancing and improving weed control.

Please refer to individual product information to check which weeds are controlled by each herbicide.

This chart is a guide only. Before using any product, always read the PRODUCT LABEL for full directions, application, safety directions and guidelines.
