

## SUITABLE FOR ALL TYPES OF VEGETABLE & HERB PLANTS

ORGANIC\* & NATURAL - NO CHEMICALS ADDED

Searles 5IN1<sup>®</sup> Vegetable & Herb is a premium organic plant fertiliser containing essential nutrients plus trace elements for healthy organic plant growth and vitality. This fertiliser contains a balanced proportion of nutrients and minerals for healthy and strong vegetable and herb growth.

### DIRECTIONS FOR USE

Read detailed Health Warning before opening and using product.

Moisten soil around plants before application and water well after application. Sprinkle fertiliser below the plant foliage, keeping 10 - 15cm from the trunk and extending beyond the dripline (area below outer edge of foliage).

### GARDEN BEDS

| APPLICATION  | WHEN TO APPLY   |
|--|---|
| Spread 100g (1/2 cup) per square metre of soil. If possible, rake into soil before planting. Raking may not be possible with existing gardens. | Apply before planting. Continue applications every 4 - 5 weeks until plants mature. |

### POT PLANTS

| POT SIZE (DIAMETER) | APPLICATION  | WHEN TO APPLY                          |
|---------------------|--------------|--|
| 30cm (12")          | 1 Tbsp (10g) | Every 4 - 5 weeks until plants mature. |
| 40cm (16")          | 2 Tbsp (20g) |  |
| 50cm (20")          | 4 Tbsp (40g) |  |

#### RESTRICTION

This product contains animal bi-products (meat meal, blood and bone) and care must be taken when using it on areas where ruminant animals graze. At all times it must be properly incorporated into the soil before allowing ruminants to graze on treated areas.

\*This product is allowable for use on farms and gardens certified to the Australian Organic Standard.

### HEALTH WARNING HAZARDOUS

COMPOSTS, POTTING MIXES AND OTHER ORGANIC GARDENING MATERIALS

This product is made from organic materials, and may include composted pinebark, and contains living micro-organisms, including bacteria, fungi and protozoa. May also contain mineral and fertiliser additives.

**RISK**  
Inhalation of dust and/or liquid mists may irritate, inflame or sensitise the nose, throat and lungs resulting in illnesses ranging from hayfever or asthma, to pneumonia (e.g. Legionnaire's disease) or pneumonia-like diseases. Direct contact with this material or its dust and/or liquid mists (bioaerosols) may cause skin irritation (dermatitis), and skin or eye infection or irritation. People particularly at risk are the elderly, those suffering from asthma or allergies, and those whose immune defence systems are compromised. All people working with these and other landscaping and horticultural products should ensure that they are adequately protected from Tetanus.

#### SAFETY

- Avoid contact with eyes and skin.
- Avoid breathing dust and/or liquid mist (bioaerosols).
- When using product, do not eat, drink or smoke.
- Avoid eating, ingesting or swallowing product.
- Wear suitable protective clothing and standard duty gloves (AS/NZS 2161-2).
- If exposed to dust and/or liquid mists, also wear dust resistant eye protection (AS/NZS 1336) and particulate respirator (AS/NZS 1715 and 1716).
- Wash thoroughly immediately after handling.
- Wash work clothes regularly.
- Clean up by wet sweeping or vacuuming.
- Store this product in a cool location.

#### DISPOSAL

Follow above safety precautions and collect in containers for disposal as trade waste in accordance with local authority guidelines.

#### FIRST AID

Swallowed: Do not induce vomiting. Immediately rinse mouth with water. Give several glasses of water to drink. Seek medical attention if any abdominal symptoms.

Eye: Hold eyes open and flush eyes thoroughly with plenty of water for 15 minutes. In all cases of eye contamination it is a sensible precaution to seek medical attention.

Skin: Wash skin thoroughly with mild soap and water. Remove and wash contaminated clothing before re-use. If irritation occurs, seek medical advice.

Inhaled: Remove to fresh air. Seek medical attention for any persistent skin, eye or respiratory symptoms.
