

Searles®

Garden & Vegetable Food

SEARLES® GARDEN & VEGETABLE FOOD is a blend of organic and inorganic fertilisers plus essential trace elements which combine to aid healthy root and leaf growth and flower formation.

SEARLES® GARDEN & VEGETABLE FOOD is suitable for use on most ornamental plants, shrubs and vegetables in home gardens. It can be added into the soil prior to planting or sprinkled onto soil surface for existing gardens.

NOTE: If the soil is low in organic matter, use SEARLES® 5IN1 Plus Organic Plant Food to boost humus and organic matter content in the soil.

DIRECTIONS FOR USE

VEGETABLES & FLOWERS

APPLICATION	WHEN TO APPLY
GARDEN BEDS Sprinkle 100g (1/2 cup) per square metre of garden bed.	Every 4 weeks from Sept through to May. Water well after application.
SEEDLINGS Sprinkle 50g (1/4 cup) per square metre of garden bed.	Apply to soil and water in well before planting seeds/seedlings.

SHRUBS & TREES

PLANT SIZE	APPLICATION	WHEN TO APPLY
SMALL (under 90cm tall) 3ft	50g (1/4 cup) per plant	Every 6 weeks from August through to May. Water well after application.
MEDIUM (90-160cm tall) 3-5ft	100g (1/2 cup) per plant	
LARGE (over 160cm tall) 5ft	150g (3/4 cup) per plant	

MULCHING

It is recommended to mulch your garden in spring and autumn with a high quality mulch, such as SEARLES® MULCH PLUS. Mulching helps to reduce water evaporation, keeps soil cooler & promotes healthy plant growth.

HEALTH WARNING

HAZARDOUS COMPOSTS, POTTING MIXES AND OTHER ORGANIC GARDENING MATERIALS

This product is made from organic materials and may include composted peatbark, and contains living micro-organisms, including bacteria, fungi and protozoa. May also contain mineral and fertiliser additives.

RISK: Inhalation of dust and/or liquid mists may irritate, inflame or sensitise the nose, throat and lungs resulting in illnesses ranging from hayfever or asthma, to pneumonia (e.g. Legionnaire's disease) or pneumonitis-like diseases. Direct contact with this material or its dust and/or liquid mists (bioaerosols) may cause skin irritation (dermatitis), and skin or eye infection or irritation. People particularly at risk are the elderly, those suffering from asthma or allergies, and those whose immune defence systems are compromised. All people working with these and other landscaping and horticultural products should ensure that they are adequately protected from Tularius.

SAFETY:

- Avoid contact with eyes and skin.
- Avoid breathing dust and/or liquid mist (bioaerosols).
- When using product, do not eat, drink or smoke.
- Avoid eating, ingesting or swallowing product.
- Wear suitable protective clothing and standard duty gloves (AS/NZS 2161.2).
- If exposed to dust and/or liquid mists, also wear dust resistant eye protection (AS/NZS 1336) and particulate respirator (AS/NZS 1715 and 1716).
- Wash thoroughly immediately after handling.
- Wash work clothes regularly.
- Clean up by wet sweeping or vacuuming.
- Store this product in a cool location.

FIRST AID:

Swallowed: Do not induce vomiting. Immediately rinse mouth with water. Give several glasses of water to drink. Seek medical attention if any abdominal symptoms.

Eye: Hold eyes open and flush eyes thoroughly with plenty of water for 15 minutes. In all cases of eye contamination it is a sensible precaution to seek medical attention.

Skin: Wash skin thoroughly with mild soap and water. Remove and wash contaminated clothing before reuse. If irritation occurs, seek medical advice. Remove to fresh air. Seek medical attention for persistent skin, eye or respiratory symptoms.

Inhaled: Seek medical attention if any respiratory symptoms occur.
