

Searles®
Flourish®
SOLUBLE PLANT FOOD

The premium plant food specially formulated to promote orchid growth & flowering for all year application

Orchid Booster

DIRECTIONS

SEARLES FLOURISH® is a soluble plant food suitable to apply to orchids by using a watering can, hose applicator or fertiliser injector.

Apply SEARLES FLOURISH® Orchid Booster diluted to plant foliage & potting mix just as you would when watering normally. To stimulate plant strength and resistance, apply SeaMax® Fish & Kelp every 14-28 days.

SUITABLE FOR ALL YEAR APPLICATION

Suitable for all Orchids including Cattleya, Dendrobium, Vanda, Phalaenopsis, Oncidium, Paphiopedilum, Cymbidium and Native Orchids.

CONTAINS CHELATED MICRONUTRIENTS
SEARLES FLOURISH® Orchid Booster contains chelated iron, copper, zinc and manganese. Chelated micronutrients are fast acting and are absorbed rapidly through both leaves and roots.

NOTE: Do not apply to dormant plants. For young or sensitive plants, apply at half rate of 1 teaspoon (5g) to 9 litres of water. Flush pots monthly to remove accumulated salts.

Precautions: To avoid damaging plant foliage, do not apply when maximum temperature is expected to reach over 30°C. Do not apply when soil is dry and plants are suffering from moisture stress. Product should always be dissolved in water before applying. When foliar feeding, avoid wetting flowers.

Storage: Store in a dry place away from direct sunlight. Once opened, re-seal unused portion in sealed bag after each use to prevent moisture entering product. Keep out of reach of children & pets.

TIP! Apply early morning or late afternoon for best results.

Containers & Gardens

1/4 teaspoon to 1 Litre watering can

2 heaped teaspoons to 9 Litres

Apply over foliage & potting mix every 7-14 days

15 heaped teaspoons (75g)

Fill with water, shake well. Carefully apply over 30sq.metres every 7-14 days during growing season

OPEN OTHER END

This cardboard carton is recyclable, biodegradable and compostable. The inner plastic bag is recyclable. Please dispose of this packaging thoughtfully. Check with your local recycling service for suitability.

THIS PRODUCT MAY ABSORB MOISTURE DURING PERIODS OF HIGH HUMIDITY. MOST PRODUCT IS NATURAL AND WILL NOT AFFECT PERFORMANCE.

Searles®
Flourish®
SOLUBLE PLANT FOOD

Orchid Booster

Searles Flourish® is a concentrated, complete soluble plant food formulated with premium ingredients providing plants with fast acting nutrients for abundant growth & flowering.

This dual action fertiliser contains balanced NPK fertiliser and chelated trace elements designed to feed orchids for strong growth and masses of brilliant blooms.

Resealable Bag

Measuring spoon inside

ANALYSIS

NPK RATIO 16N - 6P - 23K

Nitrogen (N) as Ammonium	5.45%
Nitrogen (N) as Nitrate	3.85%
Nitrogen (N) as Urea	6.7%
TOTAL NITROGEN (N)	16%
TOTAL PHOSPHORUS (P)	6%
as Water Soluble	6%
Potassium (K) as Sulphate	11.85%
Potassium (K) as Nitrate	11.15%
TOTAL POTASSIUM (K)	23%
Sulphur (S) as Sulphate	4.74%
Iron (Fe) as EDTA (Chelate)	0.1%
Copper (Cu) as EDTA (Chelate)	0.015%
Zinc (Zn) as EDTA (Chelate)	0.02%
Manganese (Mn) as Sulphate	0.05%
as EDTA (Chelate)	0.05%
TOTAL MANGANESE (Mn)	0.1%
Boron (B) as Sodium Borate	0.015%
Molybdenum (Mo) as Sodium Molybdate	0.0016%

Phosphorus (P) 0.007% diluted as per directions of 2 heaped teaspoons to 9 Litres water.
