

## DIRECTIONS FOR USE

Simply sprinkle it on, water and watch your plants grow. Suitable for application all year round.

### FLOWERING PLANTS

Apply at the rate of 150g per square metre or mix into the soil prior to planting at the rate of 50g per plant.

Suitable for Australian Native Plants

### FRUIT TREES

Apply at the rate of 300g per square metre. Sprinkle in a broad band below dripline of tree extending 20-50cm beyond canopy.  
Prior to planting, mix into soil at the rate of 100g per plant.

### POTTED FLOWERS & FRUIT TREES

POT DIAMETER	APPLICATION
20cm - 8"	12g
25cm - 10"	25g
30cm - 12"	45g
40cm - 16"	75g
50cm - 20"	150g

NOTES: 1. Always water in well after each application.  
2. Suitable for a wide range of Australian native plants & other proteaceous plants. For plants known to be very phosphorus sensitive, apply at half rate.  
3. For very sensitive plants, apply at half rate.

# Recharge<sup>®</sup> Ultimate Fertiliser

## FLOWER & FRUIT

### TRIPLE ACTION RAPID RESPONSE

- Boosts flowers, fruit & lush foliage
- Added trace elements - stunning results
- Enhances water & fertiliser response

Recharge<sup>®</sup> Ultimate Fertiliser is a triple action premium quality fertiliser containing Robust<sup>®</sup> Controlled Release Fertiliser, Penetraide<sup>®</sup> and instant fertilisers for rapid response and long term feeding for up to 12 months.

Recharge<sup>®</sup> Ultimate Fertiliser contains added Penetraide<sup>®</sup> Re-Wetting Granules that allow water and fertiliser to penetrate to the roots of the plant to rewet dried out soils.

Added trace elements, minerals, micronutrients and zeolite completes the formula to boost flower and fruit production and grow healthy plants for stunning results.

### UNIQUE TRIPLE ACTION FORMULA

### 12 MONTHS FEEDING

Recharge contains a scientifically designed unique combination of powerful ingredients.

Penetraide<sup>®</sup> starts the process by delivering water and nutrients into the root zone and overcomes common water repellancy problems in gardens for 12 months.

A special blend of select nutrients, trace elements & minerals are supplied as an instant boost to provide rapid response, boost lush foliage, flowering & rapid growth. This delivers key trace elements for long term plant health. The addition of zeolite provides storage of nutrients for greater nutrient efficiency.

Long term Robust<sup>®</sup> Controlled Release Fertiliser continues to feed as a controlled release for 12 months, providing ultimate long term plant growth.
